

Collor Book

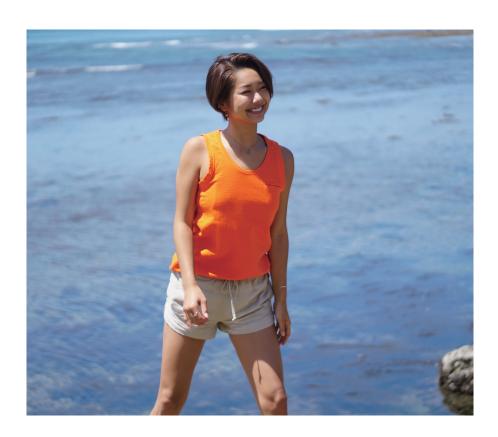

This summer, the up-and-coming apparel brand "Summer Breeze shonan" opened a 10-minute walk from Katase-Enoshima Station. A brand launched by a local designer living in Shonan, it is characterized by its soft and soft comfort like marshmallows.

Daily wear with plenty of relaxation, with an emphasis on spending time at the beach. 100% cotton, which is gentle on the skin, is used as the material, and the fabric is made into two layers to achieve the best fluffy feeling without a sense of sheerness. Made of lightweight and highly breathable material, it's a relaxing fit that suits any body shape.

This romper is the best choice in this season's lineup. Wide pants that sway in the wind and fluffy fabric make it very comfortable to wear! You can enjoy a beautiful silhouette by browsing the waist rope, which is a design accent.

Since the collar and sleeves are reinforced, there is no need to worry about the fabric stretching and the chest being visible. In addition, the length of the back and buttons has increased to 10 cm from the arrival of this time, making it easier to put on and take off.
